**TURKU** – The river Aura is the heart and soul of Turku. This is where Turku was born, and a large part of city life - museums, sights, restaurants and cafes - still concentrates around the banks of the Aura. A walk by the river from the cathedral to Turku castle is a fascinating journey through history, whilst seeing what present day Turku has to offer. **Turku Castle** is one of Finland's national treasures. The sturdy castle, built of grey stone, whose oldest sections were built in the 1280s, has stood witness to many of the significant events in Finnish history.

**NAANTALI** – is a holiday town which you will love at first sight! It's a picturesque small town with lovely atmosphere - even the President of Finland has his official summer residence in Naantali. **The Moominworld** makes Naantali a top spot especially for families with children. Naantali has a long history of being a centre of health and wellness as well as a town of many art galleries.

**TALLINK SILJA LINE** – is a leading provider of high-quality mini-cruise and passenger transport services in the Baltic Sea region. **Baltic Princess** is one of the nicest cruise ships on the Baltic Sea operating on Turku-Stockholm/Kapellskär route. Combine a minicruise and hotel overnights.
